**DIRECTORS' REPORT FOR THE HALF-YEAR ENDED 31 DECEMBER 2021**

The directors present their report together with the condensed financial report of the consolidated entity consisting of dorsaVi Ltd (the Company) and the entities it controlled (the Group) for the half-year ended 31 December 2021 and independent review report thereon.

**Directors' names**

The names of the directors in office at any time during or since the end of the half-year are:

<b>Name</b>	<b>Period of directorship</b>
Greg Tweedly (Chairman until 26 November 2021)	Director from 29 October 2013 until retirement as Director and Chairman on 26 November 2021
Ashraf Attia	Director since 14 July 2008
Michael Panaccio (acting Chairman since 18 February 2022)	Director since 16 May 2008 and acting Chairman since 18 February 2022
Caroline Elliott	Director since 24 November 2017
Andrew Ronchi	Director since 18 February 2008

Unless otherwise stated the directors have been in office since the start of the financial period to the date of this report.

**Review of operations**

Total revenue for the six months to 31 December 2021 was \$1,584,506 (2020: \$1,842,681) reflecting a:

- Decrease in grant income of \$397,728 in the prior period to \$nil in the current period being mostly the cessation of Australian governments' COVID 19 relief measures;
- Change in a prior period revenue item, fair value of the derivative liability, to a current period expense of \$47,303,

partially offset by:

- An 60% increase in sales revenue to \$1,256,986 (2020: \$787,860) as the business starts to emerge from the early impacts of the COVID 19 pandemic; and
- The US government's forgiveness of US\$217,465 (A\$297,124) loan balances and accrued interest for two Paycheck Protection Program loans previously provided to dorsaVi USA Inc. by the US Small Business Authority.

Operating expenditure for the six months to 31 December 2021 was \$2,776,573 (2020: \$2,305,347), an increase of \$471,226. This 20% increase largely reflects the increase in activities arising as the Group emerges from the initial impacts of the COVID 19 pandemic and also includes costs associated with gaining ISO27001 certification. The Group continues its focus on controlling cost.

The loss from continuing operations after income tax for the six months to 31 December 2021 was \$906,994 (2020: \$326,913).

The material business risks that are likely to have an effect on the financial prospects of the Group include:

- dorsaVi Ltd relies on its ability to enhance its movement monitoring intellectual property. A failure to meet future customer requirements would lead to a loss of opportunities and adversely impact operating results and the financial position of dorsaVi Ltd.
- Over time, dorsaVi Ltd may be subjected to increased competition if potential competitors develop new technologies or make scientific or systems advances that compare with or compete with dorsaVi Ltd's products.
- In the medical sector (but not the Elite Sports or OHS sectors), sales and adoption rates of dorsaVi Ltd's system are, in part, likely to be influenced by the availability and level of reimbursement from government and/or insurers. Whilst dorsaVi Ltd's products already benefit from reimbursement in some circumstances, there is no guarantee that the use of dorsaVi Ltd's products will receive further reimbursement.

---

**DIRECTORS' REPORT FOR THE HALF-YEAR ENDED 31 DECEMBER 2021**

- General economic conditions, movements in interest and inflation rates and currency exchange rates may have an adverse effect on dorsaVi Ltd's activities, as well as on its ability to fund those activities. In particular, much of its future income is expected to come from the US and European markets and therefore dorsaVi Ltd's activities will be affected by currency exchange fluctuations.
- dorsaVi Ltd is not currently profitable. Proceeds from capital raisings were and are primarily being used to fund: continued investment in product development; selling activities in particular in the US; and, general working capital. There is no guarantee that the sales activities and the continued rollout of product will result in profitability for the Company. If either the sales or rollout are lower or less successful than planned, dorsaVi may need to, in the future, obtain additional working capital through further capital raises, alternative means of financial support including merger and acquisition opportunities, or, both.

Cash and cash equivalents, as at 31 December 2021, were \$2,143,859 (30 June 2021: \$2,796,175).

**Significant changes in the state of affairs**

The following changes in the state of affairs occurred during the period and to the date of this report:

The impact of the grant of these options was recognised in share based payments as at 30 June 2021.
- On 30 August 2021, dorsaVi Ltd issued 500,000 fully paid ordinary shares, at \$nil per share, under the dorsaVi ESOP in recognition of service to dorsaVi Ltd.
- On 11 October 2021, dorsaVi Ltd announced the grant of 2,400,915 options to non-executive directors, in lieu of directors' fees, at an exercise price of \$0.031 per share and an expiry date of 7 October 2026. The impact of the grant of these options was recognised in share based payments as at 31 December 2021.

**NOTES TO THE CONDENSED CONSOLIDATED HALF-YEAR FINANCIAL STATEMENTS**

**NOTE 1: BASIS OF PREPARATION OF THE HALF-YEAR FINANCIAL REPORT**

This condensed consolidated half-year financial report does not include all the notes of the type usually included in an annual financial report.

It is recommended that this half-year financial report be read in conjunction with the annual financial report for the year ended 30 June 2021 and any public announcements made by dorsaVi Ltd during the half-year in accordance with any continuous disclosure obligations arising under the *Corporations Act 2001*. This condensed half-year financial report covers dorsaVi Ltd and controlled entities as a consolidated entity. dorsaVi Ltd is a company limited by shares, incorporated and domiciled in Australia. The address of dorsaVi Ltd's principal place of business is Unit 3, 11-13 Milgate Street, Oakleigh South, Victoria. dorsaVi Ltd is a for-profit entity for the purpose of preparing the financial statements.

The half-year financial report was authorised for issue by the directors as at the date of the directors' report.

**(a) Basis of preparation**

This condensed consolidated half-year financial report has been prepared in accordance with Australian Accounting Standard AASB 134 *Interim Financial Reporting* as appropriate for for-profit entities and the *Corporations Act 2001*. Compliance with AASB 134, as appropriate for-profit entities, ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*.

The half-year financial report has been prepared under the historical cost convention, as modified by revaluations to fair value for certain classes of assets as described in the accounting policies.

The Group has applied all new and revised Australian Accounting Standards that apply to annual reporting periods beginning on or after 1 July 2021. The application of new and revised Australian Accounting Standards did not have a material impact on the financial statements.

The accounting policies applied in this half-year financial report are consistent with those of the annual financial report for the year ended 30 June 2021 and the corresponding half-year.

**(b) Going Concern**

The financial report has been prepared on a going concern basis. During the half year ended 31 December 2021, the Group incurred a loss from ordinary activities after income tax of \$906,994 (2020: \$326,913). The Group had a net decrease in cash held over the six months to 31 December 2021 of \$652,316. As at 31 December 2021, the Group's current assets exceed current liabilities by \$1,195,182 (30 June 2021: \$3,261,697). As at 31 December 2021, the Group's total assets exceed total liabilities by \$1,399,919 (30 June 2021: \$2,163,173).

The Group has continued its strategic focus on increasing penetration into the US market and building annuity revenue streams. After the impact of COVID 19 has receded the size of the US market and the scalability of annuity products is expected to continue to provide the greatest opportunity for the Group and its shareholders.

In determining the basis for preparation of the financial report, the directors have assessed the financial performance, future operating plans, financial forecasts, existing financial position and additional funding opportunities potentially available to the Group. The directors believe there are reasonable grounds to expect the Group to be able to continue as a going concern for at least 12 months from the date of issue of the financial report, which contemplates continuity of normal business activities and the realisation of assets and the settlement of liabilities in the ordinary course of business. It is acknowledged however that there are uncertainties associated with the forecast assumptions regarding the ability to maintain and grow revenues, contain and further reduce costs, and the ability to obtain additional debt or equity funding if required.

As a result of the above, the directors have concluded that the going concern basis is appropriate.

Given the circumstances detailed above, there exists a material uncertainty that may cast significant doubt on the ability of the Group to continue as a going concern and therefore, whether it will be able to realise its assets and extinguish its liabilities in the normal course of business, and at the amounts stated in the financial report.

**NOTES TO THE CONDENSED CONSOLIDATED HALF-YEAR FINANCIAL STATEMENTS**

**(c) Rounding amounts**

In accordance with ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191, the amounts in the directors' report and in the financial report have been rounded to the nearest dollar.

**NOTE 2: SEGMENT INFORMATION**

**(a) Description of segments**

Management differentiates operating segments based on product categories. The operating segments have been identified based on internal reports reviewed by the Group's chief operating decision makers in order to allocate resources to the segment and assess its performance. Assets and Liabilities are reported to Management on a consolidated basis.

dorsaVi Ltd and controlled entities are comprised of the following reportable segments:

<b>Segment 1</b>	<b>Segment 2</b>
Clinical	Workplace

**(b) Segment information**

The Group's chief operating decision maker's use segment revenue and segment results to assess the financial performance of each operating segment. Amounts for segment information are measured in the same way in the financial statements. They include items directly attributable to the segment and those that can reasonably be allocated to the segment based on the operations of the segment. There have been no inter-segment revenue or expenses during the period.

Segment information is reconciled to financial statements and underlying profit disclosures notes as following:

## INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of dorsaVi Ltd and controlled entities

Report on the Half-Year Financial Report

### Conclusion

We have reviewed the half-year financial report of dorsaVi Ltd, the 'Company' and its controlled entities 'the Group', which comprises the condensed consolidated statement of financial position as at 31 December 2021, the condensed consolidated statement of comprehensive income, condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of dorsaVi Ltd and controlled entities does not comply with the *Corporations Act 2001* including:

(a) giving a true and fair view of the Group's financial position as at 31 December 2021 and of its performance for the half-year ended on that date; and

(b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

### Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

### Material Uncertainty Related to Going Concern

We draw attention to Note 1(b) in the financial report, which indicates that the Group incurred a net loss before tax of \$1,192,067 for the period ending 31 December 2021 and had a net decrease in cash held over the six months to 31 December 2021 of \$652,316. As at 31 December 2021, the Group's current cash reserves are \$2,143,859. As stated in Note 1(b), these events or conditions, along with other matters as set forth in Note 1(b), indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

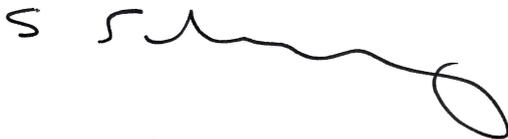

### Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2021 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
